

You are Reinforcing!

If you have paired yourself with your client, your client may be highly reinforced by your praise, encouragement, or involvement in activities. Remember if you are not having fun or enjoying yourself, your client often won't either. Depending on your clients age, needs, and abilities there are many different types of reinforcements that you can give that are not objects.

Reinforcers That Involve You and the Client

Hugs

Tickles

Piggy-Back Rides

Being Held
